Kurnai College is an accredited provider in the DET International Student program, under CRICOS provider code 00861K. This program is beneficial to our students, providing them with contacts to a range of cultural experience. Through this program this College provides an excellent educational opportunity for international students.

Our College will:

- Promote a harmonious environment where international students, teachers and parents co-operate to ensure that the College's educational goals can be successfully met.
- Offer a safe and stimulating educational environment for international students.
- Promote the International Students Program (ISP) within its community as a positive, beneficial arrangement leading to better cultural understanding and greater cultural tolerance within the whole school community.

Implementation:

As an accredited provider, Kurnai is bound by the guidelines set down for this program by the Victorian Government Schools International Student Program and will use all current policies, procedure and proformas as required.

These policies and procedures are updated regularly to stay in line with the VRQA registration.

Marketing and recruitment

Overseas students need clear and accurate information to help them decide which study option is best for them. When students and families have the right information, they are more likely to be happy with their initial choice and stay in the program until their studies are complete.

Kurnai College will follow all policies and procedures set out by the ISP in regard to student recruitment.

International study tours

International study tours provide a practical learning experience for students to explore new environments and cultures from around the world whilst fostering independence, leadership skills and communications skills. Kurnai College welcomes visits from registered linked schools, and also encourages opportunities for students to participate in study tours abroad. Kurnai also applies regularly for involvement in DET's Victorian Young Leaders to China/India programs.

Participation in any international study tour is subject to a successful application and interview process.
